

M.R.A. Team Invited to Visit S.A.

THE Speaker of the House of Assembly, Mr. Conradie, the President of the Senate, Senator C. A. van Niekerk, and the Administrators of the four provinces and South-West Africa have invited Dr. Frank N. D. Buchman and an international team of Moral Re-Armament to visit South Africa.

Dr. Buchman, who is at present at the World Assembly for Moral Re-Armament in Switzerland, is the initiator of the Moral Re-Armament movement.

In a letter to Dr. Buchman, Mr. Conradie and Senator Van Niekerk wrote:

"Every responsible person must be conscious of the grave issues facing the world to-day and especially here in South Africa, where some of our most difficult problems are different from those in any other country in the world.

RIGHT ANSWERS

"All of us are anxious to find the right answers. Senators and members of the House of Assembly of all parties have heard of the results achieved in many parts of the world by the application of the principles of Moral Re-Armament in homes, industry and national affairs.

"For this reason we hope that you and your team will be able to visit South Africa, and we can assure you that such a visit will be greatly welcomed."

The Administrators wrote:

"Your message, based as it is on a change of heart and absolute moral standards, can give us the new spiritual stimulus we need in South Africa to-day."

Dr. Buchman visited the Union in 1929 with a small team largely drawn from British and American universities.
