## HARVEST TRULY IS GREAT

Members of the Oxford Group, testifying to the healing power of God, have come to Ottawa with joyful news. They have discovered by practical experience that it is possible to be freed from cares, worries, disappointment and fear. They bring the message of the actual coming of the kingdom of God: in earth as it is in heaven.

This statement is so startling that, while millions of people pray daily to God for this experience, it is regarded as something almost unbelievable when the prayer is answered. The simple discovery of the Oxford Group, however, as of other inspired followers of Jesus Christ, is that the kingdom of God comes to individuals as they are willing to accept it. The transition from darkness to light, from bondage to freedom, is an individual experience—made clear in the simplest possible language where Jesus said: "The kingdom of God is within you."

The testimony of the Oxford Group will surely be welcomed with joy in Canada, as it is being welcomed in other lands. Many torchbearers have carried the message through many centuries, but it is needed more than ever. The fields are ripe for harvest.
