## THE WEEK.

### THE HOLY SPIRIT AT WORK.

We make no apology for devoting considerable space this week to the Oxford Group House Party at Cambridge. The Group is being marvellously used as a channel through which the Holy Spirit is pouring His power, correcting men and women of sin, leading them to the crucified and living Christ, and shaking members of the Church out of a condition of cold formalism into a new and vital experience of Christ. What a thrilling vision opens up to us as we think of what Christ would mean to the world if members of His Body, individually and corporately, functioned as He intended when He commanded His disciples to be "witnesses unto Me."

It has been well said that: "*The Oxford Group is recapturing the lost radiance of the Christian religion. . . . It takes no man for granted, parson or prodigal. It believes in changing men through the power of the Holy Spirit.*" We know from our own experience that this is gloriously true. We long for the day when we shall see similar signs of the Holy Spirit at work in every parish throughout the country.
