

SUCCESSFUL STAMPEDE

A two-hour non-stop musical show was presented on Monday night, with a cast of 40 young South Africans from universities and high schools called "Springbk Stampede."

The Kaffrarian High School hall was filled to capacity, and the show received a tremendous ovation. The cast was called back several times for encores.

It is one of the slickest shows to be seen in King, and the music and lyrics, written by members of the cast, kept the responsive audience spell-bound.

Through the generosity of the King people, including the Lions Club and Round Table, the entire cast were accommodated in local homes.
